Fay Jones School of Architecture and Design
•Assisting in CNC processes, maintaining shop space, and aiding other design studios within the lab.

Starbucks (2020-2022)
Dallas, Texas
• Provided personalized customer service in a fast-paced café, preparing and serving handcrafted beverages for 400+ customers daily while ensuring speed, accuracy, and consistency.

ABOUT ME

I am a fourth-year architecture and design student at the University of Arkansas from Dallas, Texas. I entered college as a mechanical engineering major and switched to architecture during my orientation and discovered a passion for making and social change. That switch has allowed me to understand the process of fabrication, be creative, and has shown me the true power of design.

SKILLS:

Adobe Creative Suite
Rhino 8
Woodworking
3D Printing

Leadership
Teamwork
Critical Thinking
Punctual
Multitasking
